STAT

Mr. William D. Wright has advised me of the suggestion that you made to him on 23 June concerning the possible benefit that your organization, by nature of its foreign connections, could afford the U.S. Government. Your suggestion is indeed an interesting one and your cooperation will be highly valued.

I am taking the liberty of having a representative of the Central Intelligence Agency visit you for the purpose of delivering this letter personally and discussing your proposal in greater detail. Any additional information that you might give him will be greatly appreciated.

Sincerely,

Signed & returned to ADSO for
